

Little 500 Weekend

April 24, 2010

It is very cold in Indiana now, but it will soon be spring and the Lil 500 weekend on IU's campus!

What can be better?

Come join your Chi Phi Brothers for a great day at IU. The Chi Phi Alumni Board invites you for a spring day on campus and dinner in the evening. There will be no formalities, but just visiting in the company of Brothers.

Of course, there are the races! The women will take to the track at 4:00 pm on Friday afternoon, April 23rd. The men will race at 2:00 pm on Saturday, April 24th.

Beyond the student races - To all Chi Phi riders of the past, there is an opportunity for you to ride again in the Little 500 Alumni Bicycle Race. It is only 2 1/2 miles, or 10 laps around the Armstrong Stadium track. The heats are seeded according to the decade in which you rode. You do not need to bring your bike as the Foundation loans a Lil 5 bike to each participant.

Even if you are not prepared to ride, fret not. Many, if not most of the alumni in past races, have been there just for the opportunity to ride the track again. It is believed the Alumni Lil 500 will be held at 10:00 am on Saturday.

So, come join with us, and if not for the ride, then to cheer on those who do. Help to make the Chi Phi presence known and to have a good time with your Brothers.

Not all of the details have been published by the IU Foundation, nor by the Alumni board at this time, but please get in touch with me now. I will personally see that you get all of the information as it becomes available.

The race is about 3 months away. Don't miss it! I believe that I can assure you will enjoy meeting friends from Iota Delta classes and sharing fond memories of your days at Old IU!
